# INVITES NOMINATIONS

for

## DST-IISc

# Centenary Chair Professorship

The Department of Science and Technology has provided funding for ten DST-IISc Centenary Chair Professorships. The presence of these visiting professors will be used to initiate research in cutting-edge areas and start productive collaborations at IISc and in the country. Appointees to these prestigious DST-IISc Centenary Chair Professorship positions must be outstanding persons who have distinguished themselves in academic or professional work in an appropriate field.

Nomination for these Chairs can be made by any faculty members, alumni or any distinguished scientists or professionals.

The scientist chosen for the award will have to spend a minimum of one month at the Institute with no limits on the maximum time.

The Department of Science and Technology is the major agency in India for the promotion of basic sciences with a share of nearly 50% of extra mural funding of research projects. The Department also plays a critical role in technology development programmes relating to key sectors and in the development of international cooperation in science and technology.

**Nominations may please  
be sent to:**
